Benefits of Attending Statewide Events

By *Laura Bittner*
Interim Department Head
New Mexico 4-H and Youth Development Program

I wish you could experience the energy, excitement, and (organized) chaos in the State 4-H Department as we prepare to host 4-H youth, county faculty, and volunteers during the 99th State 4-H Conference to be held at New Mexico State University July 11-14, 2022!

As we plan for State Conference, several of our conversations revolve around what youth experience and gain from participating in statewide events. For example, State Conference allows youth opportunity to demonstrate their knowledge and skills as they participate in contests. Youth learn of opportunities and expand their understanding and interests as they attend workshops and general sessions. And while we would like to think the draw to attend State Conference is all about learning, we recognize some

Statewide Events

(Continued from page 1)

youth arrive most excited to spend time with their friends and attend dances.

While all the previously mentioned experiences are definitely benefits of attending 4-H events, participation in statewide events also provides life-long benefits. Preparation for contests enhances study and problem solving skills and promotes inquiry-based learning engaging youth by making real-world connections through exploration and high-level questioning. Participation in contests develops communication, decision-making, and critical thinking skills. Contests promote friendly competition, teamwork, collaboration, creativity, and character. Even the dances and other social activities develop connections, build relationships, increase understanding of diverse experiences, and broaden perspective of people in the world around us.

And if nothing else, our sincere hope is that New Mexico 4-H youth recognize they have caring, generous, and committed adults in their counties, on campus, and across the state who are dedicated to supporting, encouraging, and cheering them on in all they do. Thank you for being a champion for New Mexico youth!

We look forward to seeing you at any of our 4-H events and appreciate you encouraging youth to attend and experience the many benefits of statewide events. Please plan on joining us in celebrating the 100th anniversary of New Mexico State 4-H Conference in 2023!

NM 4-H Adult Forum Registration Scholarships Available

By Cheryl Butterfield
State 4-H Agent
Volunteer Leadership Development

First Timer Registration Scholarships

Eight, \$20 registration scholarship applications will be available in August for 4-H Leaders attending the Forum for the first time. You must submit a completed 4-H Adult Forum registration form AND payment, along with your completed Scholarship application. If you are selected, you will receive the scholarship funds following the event. Registration materials and the Scholarship Application form will be available in August from the New Mexico 4-H Web site (under the 'Adult Volunteers Leader' tab) or from your County Extension Office.

Please consider participating in this year's 4-H Adult Forum where you will meet other adults involved in 4-H; hear a motiva-

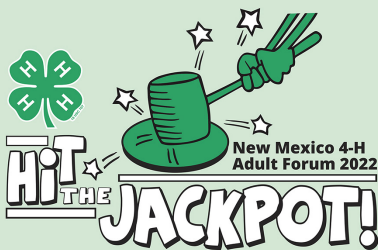

tional speaker; participate in workshops, a community service project, Make and Take activities, silent auction and more! Come for a full day of fun, networking and education. Registration includes the workshops, speaker, special activities, lunch, and breaks. It is a bargain at \$40 if registered before October 15. Click here for the First Timer Registration Scholarship Application at <https://aces.nmsu.edu/4h/documents/2018-4-h-adult-forum-registration-scholarship-application-form.pdf>.

Gerry Copeland Adult Leader Scholarship

One scholarship of \$20.00 will be awarded to a volunteer from each county attending 2022 NM 4-H Forum. To nominate a volunteer, complete the attached form by October 15.

Gerry Copeland was a 4-H leader for several years, but her participation grew in 4-H after her own children graduated. She worked as a 4-H volunteer for 30 years by working on committees, working with the county 4-H ambassadors and taking leadership roles with 4-H leader's association events. She believed in the importance of giving 4-H volunteer leaders the professional development they needed to guide 4-Hers.

When she died in December, 2018, after a brief battle with breast cancer, her friends and family established this award for other 4-H adult leaders in New Mexico, so that they could also grow their skills, confidence, and passion for the 4-H program.  Volunteer Leadership Development

Take 10 with 4-H is an idea/information sharing resource for volunteer 4-H leaders via zoom. This great resource is where an extension agent or 4-H volunteer will present about 5-7 minutes on a topic and open up for sharing from participants for the remainder of the 10 minutes. Sessions will be recorded and shared on the State 4-H website. Since the scheduled Take 10 sessions will only focus on one small part of a larger topic, additional videos and resources will be posted on the website under the selected Take 10 topic at: <https://aces.nmsu.edu/4h/take-10-with-4-h.html>
